

HESI Presentations at the 49th Congress of the European Societies of Toxicology (EUROTOX 2013) Interlaken, Switzerland 1-4 September 2013

Monday, September 2

ILSI/HESI Lecture

12.00 – 13.00, Auditorium

“Emerging needs for chemical safety and risk assessment in Europe”

- **Speaker: David R. Bell**, European Chemicals Agency, Finland
- **Chair: Cyril D. Pettit**, HESI Executive Director, USA

Symposium 7: “RISK21: Novel thinking for 21st century risk assessment”

16.30 – 18.30, Auditorium

RISK21 Committee Activity

Speakers:

- **Alan Boobis**, UK: “The HESI RISK21 project”
- **Herman Autrup**, Denmark: “Optimizing the use of exposure information”
- **Richard Currie**, UK: “Incorporation of mode-of-action information into dose-response assessment: the Quantitative Key Events / Dose-Response Framework (Q-KEDRF)”
- **Rory B. Conolly**, USA: “In vitro to in vivo extrapolation (IVIVE) for human health risk assessment”
- **Angelo Moretto**, Italy: “Assessing cumulative risk to multiple stressors”

Poster presentation

Auditorium Foyer

HESI Genomics Committee Activity

- **Catherine de la Moureyre-Spire**, France: *Multi-laboratory assessment of best practices for quantification of microRNAs associated with isoproterenol-induced myocardial injury in the urine and plasma of rats.* (Thompson K, et al., P02-16, Biomarkers poster session)

Tuesday, September 3

Workshop 13: “miRNAs: Mechanisms and safety issues”

16.00 – 18.00, Ball Room

HESI Genomics Committee Activity

Speaker:

- **Catherine de la Moureyre-Spire**, France: “The HESI inter-laboratory miRNA Project”

Poster presentation

Club Casino

HESI Cardiac Safety Committee Activity

- **Jean-Pierre Valentin**, UK: *Predictivity of non-clinical Repolarization Assay Data for clinical TQT Data in FDA Database* (Valentin, JP, et al., P22-04, Safety Pharmacology poster session)

Wednesday, September 4

Workshop 15: “Translational imaging in non-clinical safety applications”

8.30–10.30, Brünig 1–3

HESI Imaging Committee Activity

Speaker:

- **Robert W. Coatney**, USA: “Echocardiography in non-clinical safety studies: adding value, and increasing acceptance and application”
