# Challenges

---

- ◆ **Keep and expand participation of current members**
  - **Ensure timely and effective two-way communications to update the members with current HESI activities and to understand their needs/ interests**
  
- ◆ **Increase membership**
  - **Explore possible candidates in the industries other than pharmaceuticals, e.g., chemical, food, consumer products, and CROs**
  
- ◆ **Solicit participation of government and academia**
  - **Further strengthen the relationships with NIHS, FSC, PMDA and AIST**
  - **Increase visibility of HESI through continued and enhanced presence at scientific meetings in Japan**
